Commonwealth War Graves Commission Headstones

The Defence Department, in 1920/21, contacted the next of kin of the deceased World War 1 soldiers to see if they wanted to include a personal inscription on the permanent headstone. Space was reserved for 66 letters only (with the space between any two words to be counted as an additional letter) & the rate per letter was around 3 ½ d (subject to fluctuation).

The expense in connection for the erection of permanent headstones over the graves of fallen soldiers was borne by the Australian Government. (Information obtained from letters sent to next of kin in 1921)

Private E. Cornell does not have a personal inscription on his headstone.

Wandsworth (Earlsfield) Cemetery, London

This is to the North-East of Earlsfield Station and is bounded by the Magdalen Road on the East and the main railway line on the West.

It contains five 1914-1918 War Plots, (the general Military Plot, the Australian, the Newfoundland, the New Zealand and the South African plots). These are on the main path leading West from Magdalen Road and there are also over 200 burials in other parts of the cemetery. The Military Plot contains a Screen Wall bearing the names of those buried in it and those in unmarked graves in other parts of the cemetery. The majority of the 1939-1945 burials are scattered throughout the cemetery but there is one group of six burials together in a War Plot near the main entrance. Again, those whose graves are unmarked are also named upon the Screen Wall, Panel 1.

Many of the 1914-1918 burials are from the 3rd London General Hospital which was at Wandsworth. There are 477 Commonwealth burials of the 1914-1918 war and 115 of the 1939-1945 war here. There are also 5 non-war service burials here.

There are 34 Australian World War 1 Soldiers buried here & 1 Australian Soldier from 1925.
