Sarah Olsson 143 Melrose St, Nth Melbourne. If you are at any time without adequate means of support you may apply for war pension in respect of the death of your son. This is the first word she has had, she went to make inquiries & she learned practically nothing, on Tuesday 22nd the second notice came worded thus

Sarah Olsson 143 Melrose St, Nth Melbourne. I have to inform you from information received recently it is understood your son Frederick Neil Olsson died while in training camp in England on the 11th October, 1919. If any further particulars are received you will be notified from this office". Harold Olsson writes further *"Now if you notice the dates you will see the blundering way in which the Dept. has handled this information & made it more painful to my mother....."* The letter to Senator Russell was referred to Base Records, Melbourne & their reply stated *"....the notices receivedwere evidently transmitted from the Deputy Commissioner of Pensions, Melbourne, and not from this office. The next-of-kin of the late soldier is recorded as wife, resident in England, who would have been notified direct from A.I.F. Headquarters, London of the regrettable loss of her husband. As your mother's name did not appear on the records here, you will understand why she was not notified of the casualty. Her name and address have now been noted, and any information that may come to hand, will be transmitted to her. The only advice at present received is to the effects that Private Olsson was admitted on 8/10/18 to Sutton Veny Military Hospital, England suffering from pneumonia – seriously ill- and died on 11/10/18."*
